

CITY OF THE VILLAGE OF INDIAN HILL RECREATION COMMISSION CODE OF ETHICS

The Indian Hill Recreation Commission would like to thank you for enrolling your child in our recreational program.

The goals of the athletic programs, as stated in the constitution of the Indian Hill Recreation Commission are as follows:

- To allow all players as equal an opportunity as possible to participate
- To instruct players in the development of their capabilities
- To build good character and encourage teamwork
- To develop and practice good sportsmanship and fair play
- To improve physical fitness
- To have fun

Coaches and support volunteers are recruited and selected with the understanding that they are expected to pursue these goals conscientiously and to endorse and abide by the IHRC Code of Ethics.

Prohibited Behavior:

- Verbal abuse of umpires/referees and coaches is prohibited. While we understand that questioning a call often is part of the game, respect of the rules and judgment of the umpire/referee is required, particularly when students are being used in that role.
- Use of profanity in front of the players is prohibited.
- Any action or behavior that does not conform to the above standards is prohibited.

In order to provide programs that our community can be proud of, we ask that all coaches and parents abide by these points. If you feel strongly that any of these guidelines have been broken by any coach or assistant coach from either an Indian Hill team or an opposing team, please notify the Recreation Program Manager at sfink@indianhill.gov
